in Pennsylvania and New York.

(By Associated Press.)
RICHMOND, VA., Oct. 11.—Reports
from the various sections of Virginia
show to the effect that frost formed
pretty generally in the State last
night, the temperature falling to
about 34, and vegetation being pretty
thoroughly killed.
In parts of the south side and the
valley ice formed. In Tidewater the
cold snap was welcomed as killing
out mosquitoes and malaria.
No particular damage is reported.
The corn crop has been harvested.

BIG LOSS IN BUFFALO.

Streets Covered With Broken-Down
Telegraph Lines.
BUFFALO, N. Y., Oct. 11.—The
storm of snow and sleet which swept
over this part of the country last
night and today was the worst in
many years. The storm covered a
wide area, including Ontario, Western
New York and Northern Pennsyl-
vania. Whole orchards of peach
trees and other small fruit were
crushed to the ground by the wet
clinging snow, which fell steadily
for many hours.
Buffalo bore the brunt of the storm.
The damage in this city alone is not
far from a quarter of a million dol-
lars, and two deaths occurred which
were directly due to the effect of
the storm.
All night the telephone and electric
light systems were paralyzed. The
streets were littered with broken
wires. The street cars stopped run-
ning at times.

WARMER WEATHER PREDICTED.

Official Forecast Given Out by Wash-
ington Observers.
WASHINGTON, D. C., Oct. 11.—A
cold wave swept over the East and
South today and broke all records
for this season in many sections, but
tonight the weather bureau an-
nounced that while the temperature
would rise "only slightly" tomorrow,
there would be warmer weather Sat-
urday and Sunday, when normal tem-
perature will again prevail. In many
sections the severe cold snap was
accompanied by snowfall and a storm
of snow and sleet raged in upper
New York State, causing great dam-
age. In some places it is already
getting warmer.

Virginia Coldest District.
Down along the Blue Ridge moun-
tains, in Virginia was the coldest
part of the country, and at Mount
Weather, the government observing
station in the mountains, sixty miles
southwest from here, the mercury
was down to freezing, while 4 below
freezing was scored at Elkins, W. Va.
North of Lake Superior is another
cold section, and White River there
reported the thermometer registered
23 degrees above. The official fore-
cast issued tonight says:
Official Forecast.
The storm in the lake region has
abated, although disturbed conditions
still exist in the St. Lawrence valley
and New England. A barometric de-
pression of great extent lies over
nearly the whole of the Rocky moun-
tain and plateau region, the region
of lowest pressure being north of
Montana.

In the Eastern districts an area
of high pressure and extremely cold
weather continues to be the dominat-
ing feature. The temperature has
fallen in the Missouri valley and has
fallen in the Atlantic coast districts.
It is now 12 to 30 degrees below the
seasonal average from the Mississippi
valley eastward.
Fair weather is indicated for Fri-
day and Saturday in Eastern dis-
tricts.

Killing Frost in Georgia.
ATLANTA, GA., Oct. 11.—A killing
frost, accompanied by freezing tem-
perature, occurred in Atlanta and
throughout north Georgia Wednesday
night, and the indications are that
similar conditions will prevail again
tonight.

President Harvie Jordan, of the
Southern Cotton Growers' Association,
estimates that between forty and fifty
thousand bales of cotton were killed
in Georgia alone.
Freezing temperature extended as
far south as Monticello, Ga., and light

frost is reported from Thomasville.

day having the coldest weather of the
fall. The mercury dropped at 5
o'clock this morning to four degrees
only above freezing point.

the combinations here today.

The coal dealers are doing a rushing
business.

Frost and Ice at Chatham.

CHATHAM, Oct. 11.—A killing
frost prevailed here last night and ice
formed in many places. Chatham is
enduring the coldest day of the fall.

Severe Sleet Storm.

ROCHESTER, N. Y., Oct. 11.—This
city and vicinity was visited by a se-
vere sleet storm early this morning,
carrying down limbs of trees and tele-
graph wires. Telegraphic communica-
tions with Buffalo was cut off as were
both telephone systems connecting
with that city. Communication has
not yet been restored. Various rail-
roads report all trains from the west
on time.

Storm Covers Large Area.

NEW YORK, Oct. 11.—The storm,
which has cut off Buffalo from tele-
graphic and telephonic communica-
tion, has extended over western New
York, western Pennsylvania and a
large portion of Ontario.

ties Converted Into Cash Before

En Route to Castro's Republic.

(By Associated Press.)

NEW YORK, Oct. 11.—Cablegrams
to all ports in the world were sent
out today asking the authorities to
watch for Manuel Silveira, the Ha-
vana banker, who is accused of hav-
ing absconded with more than \$1,-
000,000, thereby causing the assign-
ment in this city of the banking and
commission house of John M. CeBal-
los & Co., which failed on Wednes-
day with liabilities of between \$3,-
000,000 and \$4,000,000.

It was announced here today that
Silveira is not on board the steamer
Carmelina, in which he and his fam-
ily sailed from Havana.

It was said that the present where-
abouts of the Carmelina is known
and that the destination of the other
steamer, on which, it is said, Silveira
and his family were transferred two
days out from Havana, had not been
ascertained.

William V. Rowe, receiver of the
wrecked firm, said today that every
effort was being made to apprehend
Silveira, who, he said, was a close
personal friend of President Castro,
of Venezuela and had important
financial relations with the South
American republic.

Detectives have been employed to
run down Silveira, Mr. Rowe said, and
they are of the opinion that the
Cuban banker will strain every nerve
to reach Venezuela.

William Nelson Cromwell, of Crom-
well & Sullivan, counsel for the re-
ceiver of CeBallos & Co., today stated
that the money taken by Silveira
included \$600,000 which he had col-
lected from the Cuban government
on treasury warrants.

A cable received from Cuba today
indicated that the total amount al-
leged to have been taken from Ce-
Ballos by Silveira is about \$1,000,000.
In addition to this \$200,000 in out-
side liabilities are reported.

Obligations Met by Firm.

HAVANA, CUBA, Oct. 11.—Sil-
veira & Co. continue to meet their
obligations.

Manuel Silveira, the head of this
company, was the local representa-
tive of J. M. CeBallos & Co. of New
York and Havana, who assigned yester-
day with heavy liabilities, owing
to the defalcation of Silveira. The
liabilities of this company in Havana
are not known to have been particu-
larly heavy.

ROHE WINS THE GAME FOR THE AMERICANS

With the Bases Full he Brings In
Three Runs in Sixth Inning
of Contest.

NATIONALS NEVER DANGEROUS

Third Meeting Between the White
Sox and Cubs Results in the Latter
Players Being Shut Out—Walsh
Too Much For His Opponents, While
Pfeister Was Not at His Best.

(By Associated Press.)

CHICAGO, Oct. 11.—Today's game
between the Chicago team of the Na-
tional and American Leagues, was a
battle-royal between pitchers, and the
American League team won, 3 to 0.
Twenty-one batsmen struck out. For
twelve of these the credit goes to
Walsh. In addition he gave only one
pass and allowed but two hits, both
in the first inning. Thereafter the
Nationals, until the ninth inning, never
had any sort of a chance to score.

According to the official count,
13,750 enthusiasts, encouraged by
slightly warmer weather, were pres-
ent when the game began.

Pfeister Not at His Best.

Pfeister, the left-handed pitcher,
went into the box for the Nationals.
His control at first was good but by
no means perfect. He quickly steadied,
however, and pitched superbly until
the sixth inning. It was here he went
to pieces and the game was lost. Tan-
nehill, reputed to be a weak batter,
singled down the third base line.

Somewhat disconcerted, Pfeister al-
lowed Walsh to walk, and a moment
later hit Hahn in the nose, breaking
it. A doctor was called. O'Neill went
to first for Hahn and finished the
game for him.

The bases were now full with no-
body out. A pandemonium of cheers
from American League sympathizers
broke loose.

Rohe the Victor.

Pfeister pulled himself together and
there was a sigh of relief from Na-
tional League supporters, when Captain
Jones fouled out to Kling. Isbell, one
of the team's best batsmen, struck out
for the third time. Then came Rohe,
a substitute, to bat. It was this light-
haired young man who, by reason of
Ray's illness in Tuesday's game,
brought victory to the Americans.
Again today the fate of the game de-
pendent on him, and again he did not
fail. He waited patiently for a ball
that suited him and then swung with
all his strength.

The ball bounded like a jack rabbit
down the third base line and under
the bench in the left field. Tannehill,
Walsh and O'Neill crossed the plate
amid wild cheers and the noise of

many megaphones, while the author of
the scores stood on third base, receiv-
ing the congratulations of his team-
mates. Donohue sent a weak fly to
Evers and the agony was over.

Nationals Start Well.

On their part, the Nationals started
out like winners. In the first Hoff-
man sent a clean single to center.

Sheppard struck out and then Hoff-
man killed all chance to score by try-
ing to steal second, where he was
thrown out.

The next moment Schulte doubled
to left, but it did no good, for Chance
went out, Isbell to Donohue. There-
after till the ninth the Nationals never
gave a hint of designs on the home
plate.

Walsh held them completely at his
mercy, apparently growing stronger
and steadier every inning. When the
game began the Nationals swung vi-
ciously at his offering, but before the
contest was half over they were fish-
ing for the ball, seemingly trying
merely to touch it. Any kind of a hit
would have looked good, but mostly
when they did not strike out they
rolled puny grounders to second or
short and were put out easily.

Gessler Reaches First.

In the ninth Gessler went into bat
for Pfeister, and reached first be-
cause Isbell fumbled his grounder.

Hoffman went out via Isbell, Gessler
reaching second. Sheppard, for the
second time, missed three good ones.
Gessler beat Sullivan's throw to third
because the catcher held the ball for
a moment. A hit meant a run, but
Schulte became a victim of Walsh's
curves and the third game of the
world's championship series was over.

It took a large force of policemen to

CUBA STILL HOLDS THE ISLE OF PINES

Americans Who Have Hoped for
Relief Will Fail to Get It From
Present Administration.

ROOT AND WOOD ARE EXONERATED

Residents May Hope for a Governor
of the Island That Will Deal More
Fairly by Them Than the Present
Executive—Battleships to Sail for
the North Soon.

(By Associated Press.)

HAVANA, CUBA, Oct. 11.—The
provisional government will have
nothing to do with the question of
the sovereignty of the Isle of Pines
or with the separation of the gov-
ernment of the island from the rest
of the Cuban republic.

Executive authority of the United
States already has declared that the
Isle of Pines belongs to Cuba, and
has embodied that affirmation in a
treaty conceding the sovereignty of
the island to Cuba, and this treaty
is now pending ratification in the
American senate. The entire matter
being one for the adjudication of the
state department, the provisional gov-
ernment, which is wholly under the
war department, will not mix therein.

Americans Are Shut Out.

The mode of government of the
Isle of Pines as part of the Cuban
republic may be altered or amended,
but the desire of Americans in the
Isle of Pines for territorial or mun-
icipal government as part of the
United States cannot be conceded by
any act on the part of the provision-
al government of Cuba or the war
department.

The president of the American As-
sociation of the Isle of Pines has not
yet interviewed Governor Taft on
this matter, but the most that is
likely to be gained will be the plac-
ing of an American military officer
as temporary governor of the island
in lieu of the present Cuban mayor,
with whom the relations of the
American residents has not been
pleasant.

Root and Wood Exonerated.

The American residents of the
Island have adopted unanimously a
resolution exonerating Secretary of
State Root and General Leonard
Wood from all blame in connection
with the turning over of the island
to Cuba, and they feel that this step
ought to open the way to negotia-
tions for making the Island Ameri-
can property. They consider the
present condition of affairs opportune
for the settlement of the matter,
which they believe may hang on
indefinitely by the United States.

Governor Taft has decided that the
pay of Cuban senators and congress-
men stopped October 1, when the
Palma government ceased.

Battleships to Come North.

The battleship Louisiana will leave
here Saturday for Norfolk via Key
West, with Governor Taft and his
party on board. The Louisiana will
be accompanied by the battleship
Virginia, with General Frederick Fun-
ston on board. The battleship New
Jersey and the cruiser Minneapolis
will sail for the North tomorrow,
followed shortly by the cruiser Newark.
The cruiser Brooklyn and battleship
Texas will remain here.

With the arrival in Cuba of addi-
tional army forces, the marines now
here will be gradually withdrawn.
